iO Ratshot QuickShot Grainbait Red is available in 2kg & 15kg packs and gives you quick and very cost effective control of both rats & mice with small amounts of bait required for a lethal dose.

This provides you with a great tool control of high population of both rats & especially mice.

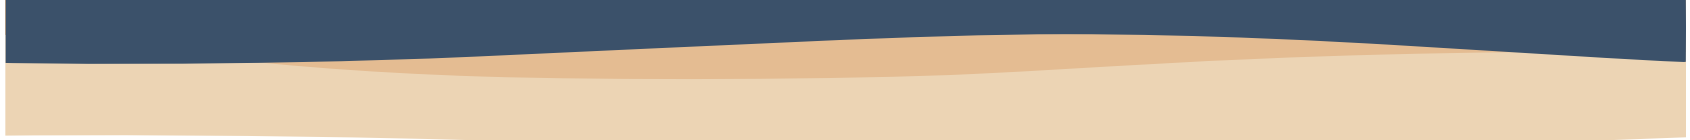

For use in and around homes, feed sheds, machinery sheds and in commercial & domestic situations.

Always read the label for instructions.

Active Constituent: 0.05g/kg Brodifacoum.

- Made in Australia from Australian wheat
- Available in 2kg & 15kg packs
- .02 gm to kill a Mouse
- 1.4 gm to kill a Rat
- Wheat is often the first preference for mice
- Very economical
- Great for high population control
