

RATSHOT®

BRODIFACOUM

POWERFUL

RATSHOT Final Kill Paste & Rapidkill Blocks employ the explosive power of Brodifacoum making them ONE-FEED Killers and super effective for high rodent populations.

- 1, Most powerful active available,
- 2, Genuine ONE-FEED killing power of both Rats and Mice
- 3, Science based formulation, All-weather Rapidkill Blocks
- 4, Final Kill Tasty Paste

(Always read the approved label)

RATSHOT employs the A.I Difenacoum, delivering significant advantages to customers in a number of ways.

- 1, Most Rat & Mouse specific Anticoagulant Rodenticide
- 2, Relatively low amounts of bait to Kill Rats & Mice
- 3, Now the product of choice for customers who need effective control with reduced Risk
- 4, Science based formulation, Tasty Paste & All-weather Blocks

(Always read the approved label)

RATSHOT®

BALANCED

DIFENACOUM

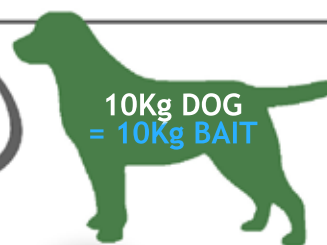

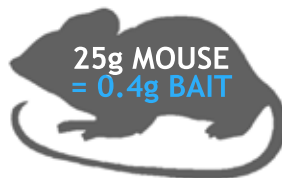

WHAT'S THE DIF?

Like no other anticoagulant bait **RATSHOT** with DIFenacoum is different by targeting both Rats & Mice much more specifically. The table shows how effective **RATSHOT** with Difenacoum is on Mice & Rats but equally important shows the difference in lower toxicity compared to other Rodenticides making it the product for of choice in sensitive baiting areas around Children, Pets, Birds, Wild life & Live Stock in Commercial, Agriculture and domestic situations.

| Active | Brand | Mouse | Rat | Rabbit | Pig | Dog | Cat | Chicken |
|---------------|-----------------|-------|------|--------|-------------|---------|------|---------|
| Difenacoum | RATSHOT® | 0.4 | 9.0 | 40 | 1600 - 2000 | 1000 | 2000 | 1000 |
| Brodifacoum | RATSHOT® | 0.2 | 1.4 | 5.8 | 10 - 40 | 5 - 20 | 500 | 90 |
| Bromadiolone | BROMAKILL® | 0.9 | 5.6 | 20 | 60 | 200 | 500 | |
| Flocoumafen | STORM® | 0.4 | 1.3 | 14 | 1200 | 1.5 - 5 | 200 | 2000 |
| Coumatetralyl | RACCUMIN® | 66.7 | 11.0 | >500 | 40 - 60 | | | |
| Brodifacoum | TALON® | 0.2 | 1.4 | 5.8 | 10 - 40 | 5 - 20 | 500 | 90 |

Figures shown represent Avg Grams of bait required to kill (LD50) in Rats, Mice and Non Targets animals and as depicted. Data shown is sourced from established international Industry figures including the WHO. (Provided as a guide only figures can vary)
Ratshot is ISO 9001 manufactured

RATSHOT - DIFENACOUM 0.05g/Kg LD₅₀

RATSHOT®

TAMPER RESISTANT BAIT STATIONS

RATSHOT LOCKED
